

DEPARTMENT OF ARCHITECTURE

Universitas
Pembangunan Jaya

Department of Architecture, Universitas Pembangunan Jaya was established in 2010 with integrity, fairness, highly-motivated, discipline, and commitment as our values.

VISION

By 2020, Department of Architecture Universitas Pembangunan Jaya becomes a leading Architecture Department at national level focusing on green architecture through shaping its people to be long life learner, broad minded, competitive, sustainable eco-development and entrepreneur.

MISSIONS

- To conduct the Three Responsibilities of Higher Education in architecture professionally and compliantly.
- **To deliver actual and contextual architectural learning that accentuates integration between concept and reality, advances self-confidence, communication skills and entrepreneurship as well as sustainable eco-development.**
- **To develop an eminent research culture in urban lifestyle and urban development.**
- To contribute to community-based development projects based on architectural knowledge and skills to help people shaping and maintaining sustainable environment.
- To shape the mind set of its people to be ling life learner with a noble attitude and high competitiveness, as well as with the spirit of sustainable eco-development and entrepreneurship.

MISSIONS

- **To deliver actual and contextual architectural learning that accentuates integration between concept and reality, advances self-confidence, communication skills and entrepreneurship as well as sustainable eco-development.**
- **To develop an eminent research culture in urban lifestyle and urban development.**

Perlu menghasilkan lulusan arsitektur yang kompeten sesuai standar pendidikan arsitektur secara global (UIA Accord) yakni lima tahun perkuliahan

FAKTOR
PENDUKUNG

Kolaborasi antar group Jaya yang telah lama ada. Dengan berkolaborasi seperti ini, Prodi Arsitektur UPJ mendapatkan bantuan supervisi dari praktisi. Selain itu, manfaat lainnya adalah mahasiswa mendapatkan kesempatan lebih besar untuk meninjau langsung persoalan yang dihadapi arsitek profesional.

FAKTOR
PENDUKUNG

Structure and material study at UPJ construction, 2015

FAKTOR
PENDUKUNG

URBAN DEVELOPMENT

FAKTOR
PENDUKUNG

FAKTOR
PENGHAMBAT

Faktor-faktor yang tidak mendukung dibukanya Prodi Arsitektur UPJ ini adalah **akreditasi prodi yang belum maksimal** dan **keterbatasan fasilitas penunjang pendidikan**. Kedua hal ini, baik secara langsung atau tidak, telah memberikan batasan bagi universitas swasta baru seperti UPJ untuk mengembangkan pendidikan profesi arsitek

**THANK
YOU**
